CAREER OBJECTIVE

Front-end developer, passionate about creating exceptional web experiences. Expertise includes HTML, CSS, Bootstrap, JavaScript, and React. Seeking to join a forward-thinking team to combine technical skills with creative ideas to provide innovative solutions. Excited to contribute to dynamic projects, expand knowledge of back-end technologies, and grow in the field of web development to become a full-stack developer.

EDUCATION:

PVKK Institute of Technology

Bachelor of Technology | 2019-2023 | 8.25

TECHNICAL SKILLS:

Web Technologies	Framework/Libraries	Tools	Programming Languages
HTML, CSS, JAVASCRIPT	BOOTSTRAP, REACT-JS	GIT, GITHUB, AWS(Basics), POSTMAN	PYTHON, SQL, OOPS

PROJECTS:

E-COMMERCE WEBSITE :

- Made a responsive e-commerce site by utilising HTML5, CSS3, Bootstrap, and JavaScript (ES6).
- Integrated JavaScript for dynamically obtaining product data through the Rapid API.
- Added cart capability and user authentication, along with persistent local storage.
- UI optimised using modals and the Bootstrap grid to ensure cross-device compatibility.

BIRTHDAY REMAINDER:

- Created a reminder application with JavaScript (ES6), HTML5, and CSS3 to organise and show forthcoming activities.
- For event reminders, date computations and dynamic user interface modifications were implemented.
- Enabled real-time DOM manipulation for entry addition, editing, and deletion.

DRUM KIT:

- Created an interactive drum kit with JavaScript (ES6), HTML5, and CSS3.
- Key event listeners were implemented to play noises upon keyboard and button clicks.
- Added animations to pressed buttons to alter the user interface (UI) dynamically using JavaScript.
- Dealt with user interaction by assigning distinct sounds to the appropriate keys and buttons.

RESPONSIVE WEBSITE DESIGN TEMPLATE:

- Created responsive layouts with grid systems, flexbox, and HTML5/CSS3.
- Parts of websites that are styled with SVG icons, hover effects, and CSS transitions.
- Made sure to be compatible with different browsers and optimised for different devices.

DECLARATION

I hereby declare that the above information is true to the best of my knowledge and belief.
